

**ValueSpec**

ValueSpec is an advocacy of NELTEX to encourage Designers, Developers & Stakeholders to place Value in their Specifications. The notion is: "To get the right Quality, everyone must place Value on Specification Writing."

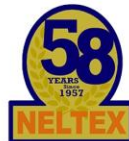

## NELTEX WATERLINE Specifications

<b>Waterline Pipe</b>	Conform to PNS 65 & ISO 1452
<b>Composition</b>	Made with 90% K65 Resin by Mass

in **OUTSIDE**  
Building Applications

Connects to  
**NON-PVC PIPES!**

**Service Connection**  
Quick connect to non pvc pipe

**Compression Coupling**  
Used to join various pipe materials to pvc pipes

**True Union Ball Valve**  
A valve wherein the main body can be repaired or replaced

Pressureline Pipe

**Dependable in Pumping Systems**

**Pressureline Socket Type**  
Used as deep well casing

**Foot Valve**  
To prevent water backflow in the pump

## NELTEX WATERLINE

- Has the widest range of PVC Pipes, Fittings, Valves, & Faucets.

- Works best with Toulene Free NELTEX PVC Cement

## COMPLETES YOUR **BATHROOM**

**Bib Cock Faucet**  
To supply water

**Pipe** is for potable water distribution

**Fittings**  
Connects pipes and water fixtures to the plumbing system.

**Compact Ball Valve**  
To control water supply in specific areas

**HMF**  
CERTIFIED

**50** years  
**Service Life Guaranteed**
